### Insurance, Covers and Waivers

#### Insurance Information

Insurance information

All rental cars must have Collision Damage Waiver (CDW) and Theft Protection (TP). Each policy will be either:

- included or

- purchasable from the rental company, or
- provided by another company (e.g. your credit card company).

### **Collision Damage Waiver (CDW)**

If the car's bodywork gets damaged, the most you'll pay towards repairs covered by the Collision Damage Waiver is the damage excess. This cover is only valid if you stick to the terms of the rental agreement. It doesn't cover other parts of the car (e.g. glass, wheels, interior, roof or undercarriage), or charges (e.g. for towing or off-road time), or anything in the car (e.g. child seats, GPS devices or personal belongings).

### **Theft Cover**

If the car is stolen, the most you'll pay towards replacement costs covered by the policy is the theft excess. This cover is only valid if you stick to the terms of the rental agreement.

### **Third-Party Liability (TPL)**

Covers the driver's liability for any injuries and property damage that are included in the policy. It does not cover injuries to the driver or damage to the rental car. This cover is only valid if you stick to the terms of the rental agreement.

### **Loss or Damage**

If the car is stolen, or seriously damaged, or damaged in an incident involving someone else, please contact the rental company and the police immediately. If you can't provide the necessary documents from the police, you'll be liable for the full cost of replacing/repairing the car. If the car gets slightly damaged, and no-one else is involved, please contact the rental company immediately.

The rental company is not liable for the loss of / theft of / damage to any belongings in the car, during or after the rental.

Damage to the car will be charged for by the car hire company after it is dropped off - and will incur a Damage Administration fee on top of the amount deducted from the excess.

Not included in the rental cover (CDW & TP)

Loss of / theft of / damage to: keys, aerials, jack, safety triangles and vests, windscreen wipers, petrol cap, luggage covers, or any other fixed or mobile component of the car.

**Deposits, excess and cover****Deposit / Excess**

The car has a theft excess of £1,500.00 including tax.

The rental company will require a security deposit of £1,500.00 when you pick your car up. The deposit will be returned after the rental, as long as all conditions have been met.

The car has a damage excess of £1,500.00 including tax.

**Fuel policy****Fuel Policies****Like for like**

When you pick your car up, the fuel tank will be full or partly full. You will leave a deposit to cover the cost of the fuel: the counter staff will block this money on your credit card. Just before you return your car, please replace the fuel you've used.

The fuel tank will be either full or part-full. When you pick the car up, please check how much fuel there is. On return, as long as you've replaced the fuel you've used, you'll pay no fuel fees.

If you return your car with less fuel than it had when you picked it up, the car hire company will keep some or all of your deposit to cover the missing fuel. This will cost you more than you would pay to refill the tank yourself. As well as the cost of the fuel itself, you will pay a non-refundable fuel service charge of £27.00 including tax.

If you return the vehicle with less fuel than was provided, you will be charged £3.60 per litre for the missing fuel plus a refuelling charge of £27.00.

You are responsible for using the correct fuel type for your rental vehicle, as specified by the supplier (for example, on the fuel cap, in the vehicle documentation or in the rental agreement). If you use the wrong fuel type, you will be responsible for all reasonable costs arising from the misfuelling, including any repair, replacement and cleaning costs.

### **E-cars**

Your car will be charged when you pick it up (approx. 80%), and you may need to leave a deposit for the recharging cable. When you drop the car off, please make sure it is charged, as per the rental agreement. If not, there may be additional towing/breakdown charges in case it runs out of charge on the way to the recharge station.

Before you drive away, you are responsible for checking the electric vehicle's charging port and any charging equipment supplied with the vehicle (e.g. the charging cable) for visible damage or defects. If you notice any damage, defect or other issue, you must inform the counter staff immediately and ensure that this is recorded on your rental agreement. If damage to the charging port or charging equipment is not reported at pick-up, you may be held responsible for such damage. You are responsible for using the vehicle's charging port and all charging equipment safely and in accordance with the manufacturer's and/or supplier's instructions during your rental. If any charging equipment or the vehicle's battery is damaged due to improper use, the supplier may charge you for the cost of repair or replacement.

### **DVLA Clauses & Rules**

3. Tick the 'I agree' box and click 'View now'
4. Click 'Get your check code'
5. Click 'Get a code'
6. Write down your code – or click 'Print or save a driving summary'
